

UK CAPABILITY STATEMENT

Craft capability for UK project partners

Bespoke joinery, architectural woodwork and metal fabrication capability backed by an established Abu Dhabi operating business.

PARENT COMPANY PORTFOLIO IMAGE

WHO WE ARE

Easy Fit Joinery and Metal L.L.C.

Established in Abu Dhabi in 2021, Easy Fit Joinery and Metal L.L.C. delivers woodwork and metalwork services across the UAE. The business is now undertaking structured UK market research and building relationships with prospective suppliers, designers, contractors and professional service providers.

01 Bespoke joinery

Made-to-measure timber elements for residential and commercial interiors.

- Doors, frames and ironmongery
- Cabinetry and fitted furniture
- Flooring, stairs and handrails
- Finishing, polishing and painting

02 Metal fabrication

Custom-fabricated metal elements coordinated with the surrounding works.

- Gates and fences
- Grilles and screens
- Staircases and railings
- Repair and installation support

03 Project support

A practical route from early scope definition through fabrication and installation.

- Requirement and material review
- Design and interface coordination
- Production planning
- Delivery and installation sequencing

WHO WE WANT TO MEET

Potential UK partners

Suppliers and manufacturers
Timber and sheet materials; architectural ironmongery; coatings and finishing systems; metals, fixings and fabrication inputs; packaging and logistics support.

Design and construction partners
Architects, interior designers, main contractors, fit-out specialists and developers seeking early capability discussions for future UK opportunities.

HOW WE ENGAGE

A measured route into the UK market

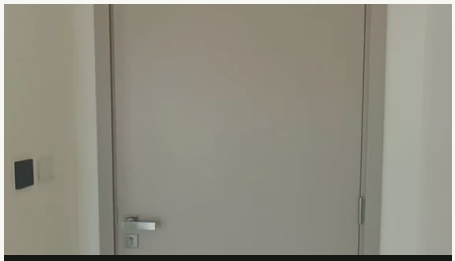

1
Listen
Understand UK specifications, procurement expectations and partner requirements.

2
Validate
Review materials, lead times, interfaces, compliance needs and commercial assumptions.

3
Prepare
Build a practical supply and delivery model before accepting operational commitments.

4
Deliver
Move to project execution only after the UK operating structure is ready and terms are agreed.

Joinery and entrance detailing

Doors and frames

Metalwork and handrails
